REMARKS

25X1

1. Three biplanes, 3 single-engine low-wing monoplanes, and 24 silver jet fighters with swept-back wings were parked on the eastern edge of the Laerz (N 54/U 33) airfield between 12:30 and 4:30 p.m. on 22 September 1950. It was the impression that some of the aircraft previously stationed at the field had been transferred. * Few personnel were at the field and flying or military activities were not seen.

2. Railroad tank cars previously seen at the Ellerholz (N 54/U 33) railroad station were no longer there. Radio truck [REDACTED] and the trucks [REDACTED]

- * [REDACTED] Comment. The transfer of elements of the two fighter regiments stationed in Laerz has not been reported [REDACTED] Both regiments were confirmed to be in Laerz on 25 September 1950. However, it is possible that one regiment was temporarily transferred because of air force maneuvers. The two regiments were repeatedly observed in Doeberitz with ground attack regiments during maneuvers.
